Work experience

Frontend Developer (React / TypeScript)

CodeFlex 📅 July 2025 - September 2025 📍 Novi Sad

Built interactive React interfaces and modern WordPress sites using GSAP for animations and motion effects. Focused on SEO optimization and performance tuning (Lighthouse 90+ scores). Managed the entire project lifecycle, from client communication and UI design to deployment.

Frontend Developer (React / TypeScript)

PopArt Studio 📅 October 2024 - Jun 2025 📍 Novi Sad

Built responsive React and TypeScript-based websites with reusable UI components. Collaborated closely with designers to convert Figma designs into pixel-perfect, accessible WP components. Improved code quality and scalability by introducing modular architecture.

Frontend UI Engineer (Vue.js > React Transition)

MENU Technologies AG 📅 Aug 2020 - Apr 2024 📍 Novi Sad

Refactored a large-scale frontend architecture toward component-based design, implementing the IT CSS architecture, introducing Storybook for shared UI components. Collaborated on accessibility, improved W3C compliance by 70% across two main apps. Led performance optimization (lazy loading, code-splitting), improving app load time by 80%. Worked in agile, cross-functional teams on Vue.js projects.

Frontend Developer & Creative Lead

FSD Ltd. 📅 Jul 2013 - Aug 2020 📍 Novi Sad

Designed and developed over 300 custom web solutions focusing on performance, SEO, and responsive design. Built interactive UIs and implemented front-end logic using JavaScript and WordPress. Led a creative team of 12 developers and designers, ensuring high-quality deliverables across projects.

Tech Skills

Frontend: React, Vue, TypeScript, JS (ES6+), HTML5, CSS3, SCSS, Sass

Frameworks & Tools: Vite, Webpack, Redux, Storybook, GSAP

UI/UX: IT CSS, Tailwind CSS, Figma, Responsive Design, W3C

Accessibility, GSAP, UI Animation

Backend & CMS: WordPress, PHP, MySQL, Shopify Liquid, Headless CMS

Other: REST APIs, Git, SEO Optimization, Code Splitting, Lazy Loading, CDN, Image Optimization

Summary

Versatile Frontend Developer with over 13 years of professional experience, currently focused on React, TypeScript, and modern UI development.

I bring a strong background in JavaScript engineering, component-based architecture, and design-driven development, blending creativity with technical precision.

Experienced in building scalable web applications, maintaining clean and reusable code, and collaborating across design and backend teams to deliver high-performing and visually polished interfaces.
